DETAILED ACTION

On September 4, 2007, an Office Action was sent to the Applicant rejecting claims 1-3,8-23,25-31,36-46 and 48. On November 21, 2007, the Applicant responded by amending claims 1 and 29.

Claim Rejections - 35 USC § 101

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 1-3,8-23,25-31,36-46 and 48 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. In the independent claims 1 and 29 and corresponding claims, the subject matter includes limitations that are directed to both a system and method. The Applicant must claim either a system or method, but not both in the independent claims and corresponding claims.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-3,8-23,25-31,36-46 and 48 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In the independent claims 1 and 29 and corresponding claims, the subject matter includes limitations that are directed to both a system and method. The Applicant must claim either a system or method, but not both in the independent claims and corresponding claims.

Allowable Subject Matter

Claims 1-3,8-23,25-31,36-46 and 48 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Response to Arguments

Applicant's arguments with respect to claims 1-3,8-23,25-31,36-46 and 48 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
